

Green Attributes for Versacork –

- Made from 100% recycled cork discs (a by-product from the ‘wine bottling’ industry)
- Aesthetically, is extremely versatile (cork discs can be stained any color)
- Suitable on floors, walls, and curved surfaces
- Suitable in wet (shower basins, etc.), and dry applications
- Extremely slip resistant when used in flooring applications
- Acts as a thermal insulator (ie: warm to the touch)
- Helps absorb sound
- Soft and pleasant to walk on (but with tremendous rebound and memory)
- Product from Portugal (not China)
- E0 for formaldehyde emissions

LEED Points:

MRC4 – Recycled Content (100% recycled, post-industrial content)

MRC6 –Rapidly Renewable Materials

IEQc4.4 – Low Emitting Materials – NAUF

IDc1 – Measures not recognized - Beyond Designated Thresholds

Associated applicable points based on installation:

IEQc4.1 - Low Emitting Materials: Adhesives and Sealants

IEQc4.2 - Low Emitting Materials: Paints and Coatings
